

MAKEUP WITH THE TEAM

Unless you're an eloping bride, I probably will not be the one doing the makeup services, unless requested. I am a hairstylist that does makeup. The makeup artists I have listed below are primarily makeup artists and can provide more extensive makeup services such as full glam.

The rate you see for my packages includes these artists.

My personal makeup style is very soft and natural, you can see a sample below.

I also require a trial for all brides booking makeup with me.

Bringing on a makeup artist will allow the morning to flow seamlessly.

to make this process easy, here is a list of amazing makeup artists I've had the pleasure of working with.

Just to clarify, we're not a package deal, but we're a dream team that collaborates seamlessly.

If you would like to book me for hair only and another artist for makeup that's totally okay.
